Wednesday 9 July 2008

Present: Councillor Taylor Councillor Bosworth
 Councillor Hubbard Councillor Connors
 Councillor Jackson Sharon Milne (clerk)

Also present: 3 residents

1. **Chairman's remarks**

- 1.1 The Chairman opened the meeting and thanked those villagers in attendance. Two of the residents wished to speak about the lack of buses and the problem that the new bus passes were only for use after 9.30am. This point would be raised at agenda item 5 matters arising.

2. **Apologies**

- 2.1 Apologies were received from Cllr Cant she had other commitments and Councillor McKinlay who was away from home.
- 2.2 District Councillor Kaberry-Brown also sent her apologies.

3. **Declarations of Interest**

- 3.1 There were no declarations of interest.

4. **Minutes of the AGM held on 14 May 2008**

- 4.1 The minutes were confirmed as a true record and signed by the Chairman.

5 **Matters Arising**

- 5.1 Cllr Bosworth and Hubbard reported back on the Planning update meeting held at SKDC on 17 June (minute 13.3 refers). At the meeting officials spoke about the new changes in planning legislation to take affect soon, including new spatial and infrastructure guidelines. The changes will mean that some house extensions and conservatories will no longer need planning permission but small domestic turbines and some solar panels, which are currently exempt, will. Further guidance will follow.
- 5.2 The lack of bus services and the problem of not being able to use the new bus pass before 9.30am was raised again (minute 13.4 refers). Villagers spoke of the decline of the number of buses in the village and reiterated that the only bus

that leaves the village is at 8.55am before the bus pass is allowed to be used; villagers said that the fare before 9.30 is expensive. The clerk will inform the District Councillor that this subject has been raised again and that villagers were asking for more buses. **(Action point: clerk)**

- 5.3 The library van will continue to stop at the village green and at Allington Gardens although it will only be a monthly service, not fortnightly. The reduced service was not advertised in anyway and villagers were left waiting for the van that just did not turn up. The clerk will contact the library service and ask that in future any changes be advertised in advance as a courtesy to its users. **(Action point: clerk)**
- 5.4 Cllr Hubbard and Taylor had looked at ways of extending the path around the new community shelter (minute 14.1 refers). More slabs are needed and it was thought that the slabs along the footpath outside the church in Bottesford Road may be better utilised at the shelter. At present the footpath from South Lodge to the church entrance is in a poor state and needs attention. The clerk will speak to Highways to see what can be done. **(Action point: clerk)**
- 5.5 The poor state of Marston Lane, Side Street and Gonerby Lane would also be reported. **(Action point: clerk)**
- 5.6 The idea of putting a poster on the end of the bus shelter near Peach Lane to slow traffic would need planning permission (minute 14.2 refers). As the Highways had now installed yellow backed speed signs it was decided to see how effective they would be before pursuing the idea of a permanent notice. However Cllr Bosworth would still install a notice board inside the shelter. **(Action point: AB)**
- 5.7 Cllr Hubbard had looked at the toilet block at the field and would replace the necessary pantiles and ridge tiles. **(Action point: AH)**
