1.2 The clerk would write to Arena UK regarding the noise from their tannoy and the amount of their visitors' traffic travelling through the village. **(Action point: clerk)**

## **8 Post Office closures**

8.1 It is proposed that Allington Post Office, which currently operates out of the village shop, becomes an outreach service 3 times a week in the village hall.

8.2 The Parish Council discussed the matter and concluded that although any reduction in service is regrettable the return from the Post Office in the shop is poor. The Parish Council therefore decided that it will not challenge the decision for the Post Office within the shop to close in favour of an outreach service in the village hall. The main concern however is whether this outreach service is sustainable in the longer term.

## **9 Playing Field matters**

- 9.1** There was no report from the Playing Field committee. Although the playing field committee and fund raising sub-committee have been busy with 'Lark in the Park' and Bonfire night a feedback meeting had not yet occurred. Cllr McKinlay will give a full report and update at the next Parish Council meeting.
- 9.2** The Playing Field committee were reminded that any work at the Playing Field which incurs expenditure, be it maintenance or otherwise, MUST be brought to the attention of, and agreed by the Parish Council, before work commences.
- 9.3** A Secretary is still needed for the Playing Field Committee anyone wishing to undertake this role should contact a member of the Committee.

## **10 Highway matters**

- 10.1** The clerk confirmed that the survey, presented to the Parish Council at its last meeting, which had been undertaken by Allington Garden residents regarding the proposed footpath in Peach Lane had been sent to Lincolnshire County Council's Highways Division. Highways are satisfied that the survey shows that the majority of residents are not in favour of a footpath and accordingly the work has been cancelled.

## **11 Proposed Windfarm at Thackson's Well Farm**

- 11.1** The Parish Council discussed the matter of the proposed windfarm at length. A member of BLOT ("Belvoir Locals Opposing Turbines"), as well other villagers, spoke to the Council outlining their concerns during the public forum. The concerns were wide ranging including the windfarms appearance, the possible effect on villagers' health caused by the noise and the flicker and strobe effect of sunlight on the blades. Many people are concerned about the impact on house prices in the village and, of course, the wider ecological impact.
- 11.2** It was proposed by Cllr Jackson and seconded by Cllr Cant that the meeting go into closed session to vote whether the Parish Council supports the development of a windfarm on this site. There was a vote and it was resolved, by a majority, that the Parish Council would support BLOT in its campaign to stop this windfarm being developed on this site. When the formal planning application is received the Parish Council will make its comments and representation to SKDC accordingly.

## **12 Planning matters**

- 12.1** Applications received and determined since the last Parish council meeting on 12 September 07:
- Approval – Change of use from agricultural to garden, 16-26 Park Road
  - Application and refusal – Extension to garage, Darrington House, Lambert Road
  - Application (and amendments) – Plot 4, Berts Way
  - Application - Old Manor House, increase duration of wedding ceremonies
  - Application – Demolition of dwelling and erection of house, The Nurseries
  - Application – Single storey extension, Wellington House, Bottom Street

**12.2** The Parish Council will not make representation to SKDC regarding the proposed increase in the duration of wedding ceremonies at the Old Manor House; however, there is still an issue with regard to car parking on wedding days. The Parish Council requests a site meeting with SKDC officials to ensure that the ongoing problem of inconsiderate parking is overcome. **(Action point: clerk)**
